CHEAP CAR INSURANCE SCAM

Social media users are asked to be on the alert for potential scam car insurance brokers. The adverts hook you in with promises of cheap deals and positive reviews. On speaking to the broker, they seem professional and well informed. The quote comes back much less than others you may have obtained. If the deal looks too good to be true, be very wary. This could be a 'ghost broker' and you could be paying for worthless cover. To get the reduced price the broker will alter some of the policy details such as changing your address or claims history, which will void the cover and potentially mean you are driving uninsured. Use reputable sources to find car insurance deals, don't rely on social media adverts. Insurance companies and intermediaries need to be registered with the Financial Conduct Authority www.fca.org.uk.
